1. In response to Applicants' remarks in the Response received 16 May 2003, the following reply is made. It is noted that Applicant has acknowledged that the '898 patent is definitely prior art under 35 USC 102(e), but that it may not be used because the '898 patent and the instant application were commonly owned at the time the claimed invention was made. This acknowledgement is made in the second full paragraph of page two of the Response. In reply, it is pointed out that 35 USC 103(c) states "... shall not preclude patentability under this section ...", where "this section" means 35 USC 103. Since the '898 patent is applied under 35 USC 102(e), the argument is not persuasive. The rejection of record over the '898 reference is therefore maintained as set forth in the prior office action.

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
